At last i raised large quantities of blood, had night awest, and was greatly debilitated and reduced, and did not expect to live. TWO CHILDREN SAVED. Very few families, indeed—in fact we have not heard of me—that used Dr. Townsend's Sarssparilla in time, lost my children the past summer, while those that did not, ickened and died. The certificate we publish below is onclusive evidence of its value, and is only another intance of its saving the lives of children:

Stance of its saving the lives of children:

Da. Yowness: Dear sir.—I had two children cured by your Sarasparilla of the summer complaint and dysensery; one was only fifteen
months oid, and the other three years; they were given up by two
respectable physicians. When the doctor informed us that we must
lose them, wa resolved to try your Sarasarilla we had heard so
much of, but had little confidence, there being so much staff advertised that is worthless; but we are very thankful that we did, for it
undoubtedly saved the lives of both. I write this that others may be
induced to use it. ase it.

RHEUMATISM.

This is only one of more than four thousand cases of rheumatism that Dr. Townsond's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues:

Dr. Townson: Dear Sir: I have suffered terribly for ains years with rheumatism, considerable of the time I could not eat, sleep, or with rheumatism, considerable of the time I could not eat, sleep, or with rheumatism, considerable of the time I could not eat, sleep, or with rheumatism, considerable of the time I could not eat, sleep, or with rheumatism, considerable of the time I could not eat, sleep, or work, I had the most distressed pains and my limbs were terribly awoleu. COULD NOT WALK.

COULD NOT WALK.

That Dr. Townsend's Sarsapariilla is the very best remedy for female complaints, there is no disputing. Thousands and thousands of weak and debilitated females, that were prostrated by those diseases to which females are subject, were soon in the enjoyment of robust health.

Dr. Townsend: Dear Sir: My wife has for the last year been very sick, and in a greatly reduced state of health, being reduced by a variety of complaints such as fornies are liable to. She got so bad at length, that she was entirely unable to walk, and was as helpless as a child. She commenced using your Sarsaparills, and she immediately began to regain her strength, her complaints left her, and after taking saveral bottles she is reciored. Being a singular case, I have thought it might de good to publish it. She used a number of remedies that did her no good previously. Your, respectfully.

Dr. Townsend's Sarraparilla is a sovereign and speedy cure for incipient consumption, and for the general prosperation of the system, no matter whether the result of imberent cause, or causes produced by irregularity, illness, or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons, all weakness and institude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of harmoness.

TO MOTHERS AND MARRIED LADIES.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female, who has reason to suppose she is approaching that critical period—"the turn of life "—should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which iemales are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quokening the blood and invigorating the system. In deed, this medicine is invaluable for all the diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body—not so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease. TO MOTHERS AND MARRIED LADIES.

DIREARE OF THE HEART, RUFTURE, AND DROPSY.

New Year, July 22, 1945.

Dr. Townsked: Dear sir: My wife has been afficted with a discasse of the heart, and with a terrible rupture, for over afteen years. The greater part of the time she has been troubled with shortness of breath and great statisting of the heart, which has been very distent and great statisting of the heart, which has been very distent and great statisting of the heart, which has been very distent and severe. She has a severe she had taken but three understands and severe she had taken but three bottles of your excellent medicine, she was entirely relieved of the disease of the heart, and the rupture has almost entirely disappeared. She has also had the dropey, and was very much swoller. We had no idea that she could be so bunefited, as she had such a complication of diseases. But it has, so strings as it may appear, relieved her of the dropey. I am aware that this statement is so strongs as to appear almost like fistion; but it is, nevertheless, sober reality. Your earseparalia is certainly a valuable medicine, and should be lieve this account, they are at liberty to call at my house and have ocular demonstratios.
